All parents and carers MUST pre order lunches through your school grid account- if you need help, please contact school.

It's been an incredibly busy week in school this week, with the children completing their end of year assessments. I have been impressed at the **resilience** the children have shown in completing these, trying their hardest at all times.

The children and teachers also got to be **curious** this week as they found out about their new classes and year groups. It was lovely to see the children settled in their new classes and finding out about all the fun things to come next year.

We are making **ambitious** plans in school at the moment to make sure our curriculum is exciting and engaging when we return from the summer holidays. These changes will help to further the improvements we have made already this year.

Next week is Active Week and Mr Anderson has put together an exciting timetable of events, including trips to the trampoline park, inflatables and Sports Day. Children can wear their full **Gosford Park PE Kit** all week. Sports Day is planned to start at 10.00am on Friday morning. Children will need to wear something with their house colour on this day (a t-shirt, hat or even socks!). Afterwards you are invited to have a family picnic. If you want a lunch provided for your child, please order from the picnic menu on School Grid. As always, we will be keeping a close eye on the weather and will inform you via Dojo if we need to make any changes to the day due to rain or excessive heat.

Parents' Guide: Growing Up with Phones and Taking Photos

Many children do not realise that photos they take, even if never shared, can be automatically stored online.

**Your Phone Saves More
Than You Think**

Most smartphones can automatically save photos online if backup is switched on and the phone has Wi-Fi or mobile data.

This means:

- Photos can be uploaded as soon as they are taken
- They are no longer just on the phone
- They can stay online even if deleted from the device
- If someone gets into the account, they can see and download these images.

Avoid taking images you would not want shared.

A trusted resource that supports open, honest conversations between parents and children about sensitive topics and how to stay safe.

scan the QR code with your phone's camera for Parent Guides on how to help keep your children safe online

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.

Working with Home Office 'PREVENT', The Police and Crime Commissioner and Children's Safeguarding Partnerships to help keep children safe online.
