Timetable Rockstars

This week's winners are:
4 Coffantre (10 Dojos each!)

Dinner Time Discussions

What is VE day and why is it important?

This Week's Attendance:

1st: 6 Greysfriars 96% (5 Dojos each)
2nd: 2 Cash 95.1% (3 Dojos each)
3rd: 4 Coffantre 95% (1 Dojo each)

Housepoints

West house win for this week

Attendance

It is always important that children attend school. This is particularly important during statutory assessment weeks for your child's mental health and wellbeing—for the SATs, if a child is absent they need to be separated from the year group until they have completed all of the tests they have missed. This is distressing for them, and would also mean removal of phones and devices too to ensure they had no contact.

It is crucial Year 6 attend school every day of the week beginning May 12th.

It is crucial that Year 4 attend school every day of the week beginning June 3rd (June 2nd the school is closed).

It is crucial that Year 1 attend school every day of the 2 weeks beginning 9th June and 16th June.

The best way for your child to learn is to be in school, on time, all day, everyday and we really appreciate your support in this matter.

Everyone. Everyday.

A Message for Year 6 Families

This half term the children have started to use Learning by Questions. This is an online tool that supports teaching them to their gaps in understanding across reading, maths and grammar and punctuation. It is as effective as a personal AI tutor!

The children enjoy using it in school and we are asking that they spend as much time as possible on their independent study.

After half term, this is the weekly plan for all children in Year 6:

Week 1– Completed!

Week 2– Completed!

Week 3– SATS week– Monday 12th May– Thursday 15th May: Year 6 children invited in to school from 8am to have a SATs breakfast. All children must be in school on these dates.

Friday 16th May: As long as all children are in school for Week 3 then this will mark the end of SATS week and there will be no booster. This will be confirmed on Thursday afternoon.

Week 4– School returns to normal time. 8:30am classroom doors. We will still be doing our writing lessons and we will be blocking full afternoons of our foundation subjects.

A PARENT'S GUIDE TO LEARNING BY QUESTIONS

Good news! Your school has invested in the award-winning Learning by Questions (LbQ). But what is LbQ, and how can it help your children?

What is LbQ?
Learning by Questions is a teaching and learning tool filled with Question Sets for maths, English and science. Pupils answer questions on a device, whether that be at home or in the classroom, and the teacher can see how they are doing in real time.

How does it help your child?
Immediate and constructive feedback
Every time your child answers a question they are given immediate and constructive feedback, which means you don't have to remember those tricky percentages and decimals!
No learner left behind
As children progress through activities, LbQ tailors questions at a pace suited to them. No one gets left behind and everyone works at the speed and challenge that's right for them.

Impact!
LbQ has been proven to improve exam results and boost pupil confidence. Just take a look at our impact on **Masefield Primary School in Bolton** to see the effect that we can have on pupils and teachers.

How does LbQ help your teacher?
Teachers can see who needs help and why, and focus their efforts on the areas that need the most attention. Our automatic marking feature frees up bags of teaching and planning time so they can continue to do what they do best: teach your children!

LbQ Remote Learning
Using LbQ remotely couldn't be easier
Our digital resources mean that there is no printing out worksheets or marking work yourself.
LbQ eases the burden of remote learning
Helpful feedback is delivered automatically and the teacher can see who needs extra attention.

"I found it really good because I can learn at my own speed and I don't have to wait for others and others don't have to wait for me, so I feel OK going at my own pace."
Jack, aged 12

"What I like is that when you get a question wrong a couple of times and you are struggling on it, your teacher knows straight away and they can come and help you."
Caitlin, aged 10

"LbQ has been a life-saver during lockdown. The children have been engaged every single day."
Chantal Marsh/Janet Gay, Year 6 Teachers, St Joseph's Primary School, Bristol

LbQ: Making the most out of every lesson!

How does my child login to a school LbQ lesson?

There are two ways, use a web browser to login at lbq.org/task or you can download and install the free LbQ Tasks App from:

Apple iPad Google Android Microsoft Windows

Alternatively you can search for 'LbQ Tasks' in your iPad App Store or Android tablet Play Store. There is no advertising or in-app purchasing within the LbQ app.

How to connect from home

Your child's school uses Learning by Questions (LbQ), which is a great way to learn by answering questions and then instantly receiving helpful feedback after every answer to guide learning and build confidence.

If your child has received a 4-character session code from their school, they will need to use an internet connected device to log in to the activity on the same day. The code will no longer work on the following day and the school will provide new codes for each day.

The teacher can set up to three Question Sets at any time and can see immediately when answers are entered.

How to switch from one Question Set to another when connected?

Click on the exit door icon on the top corner of the screen, this will take you to a list of one or more tasks that have been set up by the teacher.

Logging out

If you log out, you can log back in again during the session. Please input exactly the same name each time. Please exit the lesson session after you have finished each day by clicking on the exit door symbol.

Gosford Greatest

Stepping Stones: Asher and Aawaj

R Swanswell: Kobi and Ruby

R Memorial: Zimi and Jamaal

1 Humber: Annika and Laken

1 Jaguar: Poppy and Muhammad
