## Social Media Guidance for School Staff

### 1. Introduction

- 1.1 The school accepts that employees may engage in the responsible use of social media. Responsible use of social media can be positive for learning and teaching. It can also be personally enjoyable and beneficial.
- 1.2 This guidance will make clear what standards are expected of anyone who works for the school and uses social media as well as what actions may be taken when it is considered a member of staff may have breached this guidance.
- 1.3 This guidance applies to all staff use of social media, including:
  - 1.3.1 on behalf of school
  - 1.3.2 as part of their work directly with pupils and/or parents
  - 1.3.3 in their wider professional lives; and
  - 1.3.4 in their personal lives
- 1.4 In this guidance we define social media to mean:

‘Websites and applications that enable users to create and share content or to participate in social networking.’
- 1.5 In this guidance, the word staff includes permanent, temporary and casual staff, agency staff, and volunteers during their time working with the school.
- 1.6 In this guidance, the word parents is used to mean the parents, carers and others with parental responsibility for a pupil at the school.

- c) safeguard staff, pupils, parents and members of the public from inappropriate behaviour and abuse through social networking;

- d) safeguard the reputation of the school, other schools, other organisations and employers from unwarranted abuse through social networking; and
- e) set out the procedures that will be followed where it is considered that staff have inappropriately or unlawfully used social networking.

### **3. Responsibility and accountability**

- 3.1.1 should ensure that all existing and new staff become familiar with this guidance and its relationship to the school's standards, policies and guidance on the use of ICT and Online safety;
- 3.1.2 should provide opportunities to discuss appropriate social networking use by staff on a regular basis and ensure that any queries raised are resolved swiftly;
- 3.1.3 must ensure that any allegations raised in respect of access to social networking sites are investigated promptly and appropriately, in accordance with the school's disciplinary procedure, code of conduct and internet safety guidelines; and

- 4.1 Staff must not place a child at risk of harm.
  - 4.1.1 Staff must follow statutory and school safeguarding procedures at all times when using social media.

- 4.2 Staff must not allow their use of social media to affect their ability to do their job in any way.
  - 4.2.1 Social media relationships must be declared along with other personal relationships or interests whenever necessary or appropriate. For example, staff are required to declare personal relationships with colleagues or children, and social media relationships must be declared in the same way.
  - 4.2.2 Any social media relationships, and the context of that relationship, should be declared in writing to a member of the senior leadership team. This will be kept on staff's personnel file.
- 4.3 Staff must maintain the reputation of the school, its staff, its pupils, its parents, its governors and its wider community.
- 4.4 Staff must not contribute to or intentionally access any social media content which is illegal, discriminatory, sexual, or otherwise offensive. Such behaviours could lead to damage to their professional reputation or damage to the reputation of the school. This damage would breach the social media guidance. Such behaviours may also result in criminal proceedings.
- 4.5 Staff must not use social media to criticise or insult the school, its staff, its pupils, its parents, its governors or its wider community, either directly or indirectly.

- 4.5.1 Staff should be aware that there are other, more appropriate, methods of raising valid concerns about the school and its staff, including the Grievance and Whistleblowing Policies.

Staff are advised to use the highest levels of privacy and security.
  - 4.8.3 Staff would still be held responsible for any consequential breach of this guidance as they were responsible for producing the original content, including posts that they have shared.
- 4.9 Staff are responsible for the configuration and use of any personal social media accounts they have. They are responsible for determining the level of security and privacy of all their social media content. Staff are advised to use strong passwords to protect their accounts and consideration may be given to not using their full name to make them less easy to identify by parents, children etc.

- 4.10 Staff must raise all doubts, questions and concerns related to social media with school leaders. Staff must seek advice if they are not sure if any particular use of social media (or a related action) is appropriate or would potentially breach this guidance. Staff cannot rely on their ignorance or lack of knowledge to defend any breach of this guidance.

## **5. When using social media on behalf of the school**

Some schools use social media as a communications channel for the school and to engage with the wider community.

- 5.1 Staff must be given permission to use social media on behalf of the school by a school leader.

- 7.3 Staff must be particularly careful to not reveal any details of staff, pupils, parents or other members of the school community that make it possible to identify any individuals.
- 7.4 Staff must use appropriate behaviour and language at all times. As a guide, this should be similar to that which would be used when taking part in a face to-face meeting with other education professionals.

professional in tone. Staff must also report these in writing to a member of the senior leadership team to ensure transparency. This will be kept on staff's personnel file.

8.4 Staff must not use personal social media with anyone with whom they solely have a staff/parent relationship.

8.4.1 Staff at schools can often have more complex relationships than just being a member of staff or a parent. As examples, staff can also be parents (of pupils at the school), in relationships or have friendships with other staff or parents; or also governors. Any member of staff should report any social media relationships in writing to a member of the senior leadership team for their own protection. This will be kept on staff's personnel file.

- 10.1 The school reserves the right to monitor all staff internet use and content, including when staff are making personal use of social media, on any school systems or equipment.

## **11. Disciplinary action over social media use**

- 11.1 All staff are required to adhere to this document. Staff should note that any breaches of this guidance may lead to disciplinary action. Serious breaches of this guidance, for example incidents of bullying of colleagues or social media activity causing serious damage to the school, may constitute gross misconduct and may lead to summary dismissal.
- 11.2 Similarly, where there is a serious breach of this guidance, action may be taken in respect of other members of staff who are not employees (volunteers) which may result in the termination of their appointment.
- 11.3 The head teacher must take advice from their HR provider before considering disciplinary action.

## **12. If you have any concerns**

- 12.1 When using social media, you may have a concern about what you are seeing or being told by another user which has safeguarding implications or may cause harm to the reputation of the school and/or its community. If you have any such concerns you should contact the headteacher or the named safeguarding contact in school
- 12.2 If a member of staff becomes aware that a pupil (or group of pupils) or parent has made inappropriate/insulting/threatening comments about them, or other staff members, on a social networking site; then they should consider reporting this to the headteacher so that the appropriate process can be followed and support can be offered to the employee.
