- Fetch and set up laptops and tablets – ensuring these are kept charged.
- Increase the use of tablets and computers in school to support learning.
- Report broken or malfunctioning equipment.
- Review apps and software and make recommendations.
- Raise the profile of ICT in the school
- Offer homework help.
- Produce a termly newsletter for parents with advice on how to use Purple Mash and other technologies at home.

- Run or help at a lunch club or after school club – they could use Mini Mash to help them.
- Write instructions for different pieces of software or apps.
- Complete the Purple Mash Digital Leader challenges.
- Contribute to the Purple Mash Digital Leader Blog.
- Help other children to log into Purple Mash.
- Assist teachers and other pupils in understanding 2Code.
- Feed into whole school decisions about future development of technology.
- Run or contribute to parents' meetings.
- Update and monitor areas of the school website or school/class 2Blog.

- Test out new Purple Mash tools when they are released.
- Show teachers, children and parents how to make the most of the Purple Mash tools.
- Make governors more aware of the importance of ICT in all areas of the school.
- Offer in-class support to teachers.
- Make videos and presentations.
- Represent the school at events sharing their expertise.
- Help to inform and enforce the school's online safety policies.
- Attend staff meetings to train staff.
- Create how-to video help guides.
